

Trilby Pumping Station Rehabilitation

PROJECT DETAILS

PROJECT ID	1002836
DEPARTMENT ID	WW1002836A
CONTRACT ID	
PROJECT TYPE	Wastewater
PROJECT STATUS	30% Design Completion
PROJECT PHASE	P2: Design
NEIGHBORHOOD	Gandy / Sun Bay South
COUNCIL DISTRICT	4
COMMUNITY REDEVELOPMENT AREA (CRA)	Not in a CRA
FUNDING SOURCE	PIPES
FUNDING COMMENTS	No additional funding comments

ESTIMATED PROJECT COST

\$2,000,000

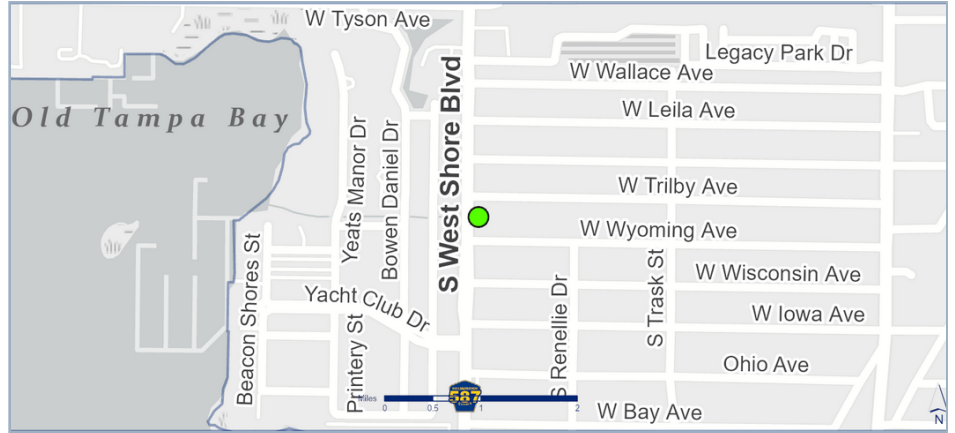

Funded: Yes

ESTIMATED SCHEDULE

CONSTRUCTION FISCAL YEAR	2028
PROJECTED START DATE	11/01/2027
PROJECTED END DATE	07/01/2028

PROJECT DESCRIPTION

This project provides for the rehabilitation of Trilby wastewater pumping station located at 4736.5 Trilby Avenue. Project will include replacement of pumps, piping, valves, and electrical improvements to ensure the continued reliability of the station. The new electrical and control equipment will be installed aboveground and will be designed to provide protection from flooding and wind damage associated with storm events. The project also includes the installation of a backup generator to maintain station operation in the event of a power loss.

COMMUNITY BENEFITS

The pumping station rehabilitation project will restore the station's reliability by replacing the aging equipment and will include improvements to reduce vulnerability to extreme weather events. The station is a critical wastewater asset and failure of the station would result in a wastewater overflow that would impact the environment and pose a public health threat to the surrounding neighborhoods.
