PROJECT DESCRIPTION

This project includes design and replacement of traffic signals to improve safety and enhance access for the community. The project includes left turn signals, marked crosswalks, pedestrian signals, ADA-compliant ramps, and detectable warning mats.

COMMUNITY BENEFITS

Enhances safety to all modes of transportation at the intersection; Reduces the probability of right-angled crashes through the implementation of left turn signals and other improvements; Improves mobility and accessibility infrastructure for pedestrians and individuals with disabilities; Improves traffic flow at the intersection.
