

NTCB Elmer Pond Expansion

PROJECT DETAILS

PROJECT ID	SW50021
DEPARTMENT ID	SW50021
CONTRACT ID	
PROJECT TYPE	Stormwater Engineering
PROJECT STATUS	90% Design Completion
PROJECT PHASE	P2: Design
NEIGHBORHOOD	Tampa Overlook
COUNCIL DISTRICT	5
COMMUNITY REDEVELOPMENT AREA (CRA)	Not in a CRA
FUNDING SOURCE	Multiple Funding
FUNDING COMMENTS	Stormwater Capital Improvement Bonds, Stormwater Improvement Fee

ESTIMATED PROJECT COST

\$2,000,000

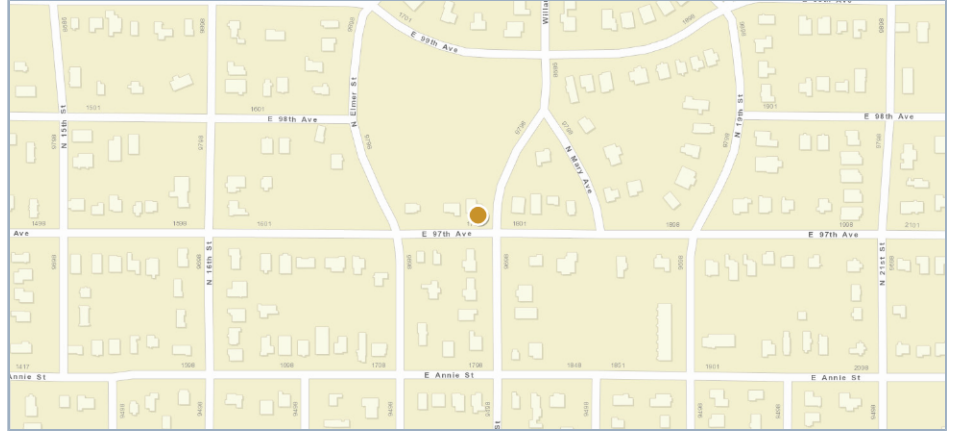

Funded: Yes

ESTIMATED SCHEDULE

CONSTRUCTION FISCAL YEAR	2027
PROJECTED START DATE	02/01/2027
PROJECTED END DATE	07/01/2028

PROJECT DESCRIPTION

Elmer pond area is located within the North Tampa Closed Basin. This area experiences frequent flooding due to an inadequate drainage system. The proposed project will alleviate the flooding in the area by expanding the existing pond on the recently acquired properties adjacent to the pond to provide additional stormwater storage capacity. The project includes property acquisition, sinkhole, restoration, ponds and control structures construction, existing pond expansion, and pipe installation.

COMMUNITY BENEFITS

Flooding Relief | Water Quality Improvement | Improve Traffic Flow and Safety | Enhance Resiliency
