

DLT Master Plan DB Task Order 010 Ozone Improvements

PROJECT DETAILS

PROJECT ID	WTR-20-0001.10
DEPARTMENT ID	WTR-20-0001.10
CONTRACT ID	20-C-00008
PROJECT TYPE	Water
PROJECT STATUS	90% Design Completion
PROJECT PHASE	P2: Design
NEIGHBORHOOD	Old Seminole Heights
COUNCIL DISTRICT	5
COMMUNITY REDEVELOPMENT AREA (CRA)	Not in a CRA
FUNDING SOURCE	PIPES
FUNDING COMMENTS	No additional funding comments

ESTIMATED PROJECT COST

\$57,700,738

Funded: Yes

ESTIMATED SCHEDULE

CONSTRUCTION FISCAL YEAR	2026
PROJECTED START DATE	09/17/2026
PROJECTED END DATE	05/01/2030

PROJECT DESCRIPTION

The DLTWTF Master Plan Ozone Improvements project will optimize facility performance capabilities, improve water quality and expand our water treatment capacity. This project will rehabilitate and replace existing infrastructure and eliminate deteriorating facilities and equipment to increase operational and maintenance efficiency. New infrastructure upgrades will increase our capacity to produce drinking water and we will also add new back-up systems to strengthen our resiliency when faced with a natural disaster or other emergency. New treatment processes will also be explored to achieve the twin goals of enhancing the taste and odor of our drinking water while reducing the use of water treatment chemicals.

COMMUNITY BENEFITS

The purpose of this project is to provide reliable and efficient ozone generation equipment that will serve the City of Tampa for many years and to meet proposed future ozone demands. This project will replace equipment for the LOX area, Ozone building, and ozone destruct units.
